

# LIBERA

"LIBERA", which means freedom, offers a flexible styling which allows you to create a variety of seats simply by inserting the back base into the slit part of the seat. The style can be seated from multiple directions, creating an optimal LD space that suits modern lifestyles.

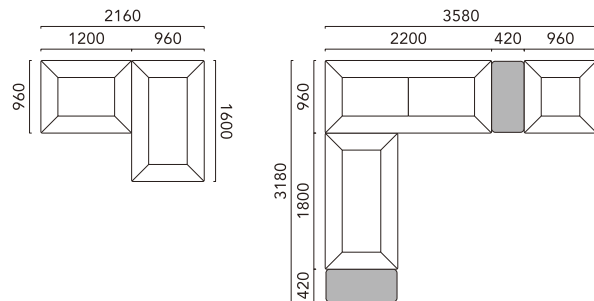

You can also combine items to enjoy your life, such as assorting side tables with matching depths and tea tables on the cushion side.

Seat Base 1800 + Seat Base 1600 + Backrest Base×3  
Backrest Cushion×3 (Fabric:Piping/BE)  
Tea Table

## LAYOUT PATTERN

- It is a system structure that is used by inserting the metal part of the back base or tea table into the slit part of the seat.
- The seat bases 2200 and 2000 also have a slit in the center.
- The back cushion is made of microfiber cotton, which is ultra-fine. This cushion realizes a flexible and gentle sitting similar to that of memory foam.

## LEG CURTAIN BOARD
