

DC01 / DT01

"DC01" is a dining chair with a wide cushion seat that allows you to sit gracefully. Each part is carved out of solid wood to achieve a pleasing form.

"DT01" is an extremely clean dining table that makes the most of the natural wood grain. The 1.57in-thick solid wood top plate is combined with massive legs to create a modern and dignified impression.

- "DC01" is a covering specification for both the back and the seat. (In the case of leather upholstery, it will be all staked out.)
- The top plate of "DT01" can be selected from a stain-resistant oil finish, which is close to a natural finish, or a standard urethane coating.
